EXPERIENCE

- Full stack developer for a U.S. based startup - Recode360 .   Aug 2015 -
  - Worked on developing an E-commerce marketplace for vendors to sell variety of products.
  - E-commerce platform was created as a rails engine which can be integrated to any rails project.
  - A recipe publishing platform is developed (foodsy) through which both recipes and ingredients can be sold with a single click.
  - Stripe connect is used for setting up the marketplace payment gateway and Stripe relay is used for providing more platforms like twitter,pinterest to sell products.
- Backend developer for a banglore based educational website, masterjis.com   Sept 2015 -
  - Masterjis provides a platform for students and educational institutes to connect and share information about different courses and its opportunities.
  - Developed the back-end architecture for the website.Institutes can provide all the information about courses and tests. Students can pay for a course through online and take tests through the site.
  - Website provides a scorecard for students based on the courses and tests they have taken and gives suggestions about the opportunities they have based on their skills.
- Developed a website which provides the user an elegant solution to keep all their thoughts on-line.
  - *Web address:* www.quickthoughts.herokuapp.com
  - Users can add their thoughts on "Home", "Personal", "Diary","Notes" accordingly. It has different UI and security features like visibility to other users and password requirement for viewing.
  - Javascript , CSS, Bootstrap , and several ruby gems are used to make the UI elegant and simple.
- A social networking website was developed where people can ask questions and post answers, and have discussions with other people.
  - *Web address:* www.settleitnow.herokuapp.com
  - *bitbucket profile:* https://bitbucket.org/rajeevriitm
  - A live feed is provided which brings most recent questions and answers posted by people a user follows.

HONOURS AND SCHOLASTIC ACHIEVEMENTS

- **Publication:**Rajeev R, C.Sudheesh, M. Rohit, ""Entanglement dynamics of quantum states in a beam splitter"", *,arXiv:1409.2643 [quantph],published on Modern Physics Letters B*
- Passed **Promotion of Excellence among Gifted Students** program under *Educational Department of Kerala* with A^+ grade
- Secured **All India Rank** 1596 in IIT Joint Entrance Examination and 1963 in *All India Engineering Entrance Examination.*
